<p>Notes: Two terms of same college-level foreign language, with a grade of "C" or higher, are required for admission to Oregon University System universities. This requirement applies only to students graduating from high school in 1997 or later. This requirement may also be met by completing two years of same foreign language at the high school level. This is not a requirement for earning the Associate of Science degree. GPA admission, major and general education requirements for the four year OUS schools are not necessarily satisfied with an AS degree. Please contact your college of choice for their specific requirements and on transferability of this degree. Career Technical Courses cannot be used to satisfy any of the AS degree requirements.</p>
